

Global Patient Organization and Advocacy Disclosure 2018

Teva works with many organizations that advocate for patients around the world. These efforts are part of our longstanding commitment to enable patients through their health journey so they can live better days. Patient organizations and advocacy groups have a unique understanding of the needs of people living with medical conditions and how these conditions impact overall health and quality of life. These collaborations offer healthcare companies like ours valuable insights and advice, inspiring us to discover new possibilities in medicine development and create programs that support patients and caregivers.

Our work with patient organizations and advocacy groups is driven by the spirit of partnership, mutual respect, trust, openness and transparency, all with the overarching goal of bringing sustainable health benefits to patients and their families. We are committed to doing our part to promote healthier communities around the world and know partnerships like these are critical to supporting patients on their individual paths to wellness.

As with all our interactions, Teva is committed to working with patient organizations and advocacy groups in an ethical and transparent manner.

Teva endorses the IFPMA Code of Practice; the European Federation of Pharmaceutical Industries and Associations (EFPIA); and Medicines for Europe (formally the European Generics Medicines and Biosimilar Association) codes of conduct, which provide standards for the honest and transparent relationships between the Pharmaceutical Industry and patient organizations. In accordance with these codes, Teva discloses annually its relationships with patient organizations and fully complies with all legal and statutory requirements for disclosure of patient group support as a minimum standard in any country. Recognizing the importance of transparency and its role in developing trust-based relationships with stakeholders, the public and, more importantly, patients, Teva voluntarily discloses our support across 60 countries.

Of the 60 countries, Teva Pharmaceutical Industries Ltd. confirms there were no patient organization interactions in 2018 in the following 35 countries : Albania, Australia, Bulgaria, Brazil, Chile, China, Cyprus, Denmark, Dutch Antilles, Estonia, Hungary, Hong Kong, Iceland, India, Indonesia, Japan, Kazakhstan, Kosovo, Liechtenstein, Luxembourg, Malaysia, Macedonia, Malta, Monaco, Montenegro, New Zealand, Peru, Uruguay, Thailand, Singapore, South Korea, Spain, Switzerland, Venezuela, Vietnam.

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a global leader in generic medicines, with innovative treatments in select areas, including CNS, pain and respiratory. We deliver high-quality generic products and medicines in nearly every therapeutic area to address unmet patient needs. We have an established presence in generics, specialty, OTC and API, building on more than a century-old legacy, with a fully integrated R&D function, strong operational base and global infrastructure and scale. We strive to act in a socially and environmentally responsible way. Headquartered in Israel, with production and research facilities around the globe, we employ 43,000 professionals, committed to improving the lives of millions of patients.
