

Global Patient Organization and Advocacy Disclosure 2023

Teva works with many organizations that advocate for patients around the world. These efforts are part of our longstanding commitment to enable patients through their health journey so they can live better days. Patient organizations and advocacy groups have a unique understanding of the needs of people living with medical conditions and how these conditions impact overall health and quality of life. These collaborations offer healthcare companies, like ours, valuable insight, and advice, inspiring us to discover new possibilities in medicine development and create programs that support patients and caregivers.

Our work with patient organizations and advocacy groups is driven by the spirit of partnership, mutual respect, trust, openness and transparency, all with the overarching goal of bringing sustainable health benefits to patients and their families. We are committed to doing our part to promote healthier communities around the world and know partnerships like these are critical to supporting patients on their individual paths to wellness.

As with all our interactions, Teva is committed to working with patient organizations and advocacy groups in an ethical, compliant and transparent manner.

Teva endorses the IFPMA Code of Practice; the European Federation of Pharmaceutical Industries and Associations (EFPIA); and Medicines for Europe (formally the European Generics Medicines and Biosimilar Association) codes of conduct, which provide standards for the honest and transparent relationships between the pharmaceutical industry and patient organizations. In accordance with these codes, Teva discloses annually its relationships with patient organizations and fully complies with all legal and statutory requirements for disclosure of patient group support as a minimum standard in any country. Recognizing the importance of transparency and its role in developing trust-based relationships with stakeholders, the public and, more importantly, patients, Teva discloses our support across 74 countries around the world. Of the 74 countries, Teva Pharmaceutical Industries Ltd. confirms there were no patient organization interactions in 2023 in the following 34 countries: Bosnia-Herzegovina, Bulgaria, Canada, China, Finland, Hong Kong, Hungary, Iceland, India, Indonesia, Ireland, Japan, Kazakhstan, Latvia, Lithuania, Macedonia, Malaysia, Malta, Mexico, Montenegro, New Zealand, Norway, Peru, Russia, Singapore, Slovak Republic, South Africa, South Korea, Sweden, Thailand, Turkey, Ukraine, Uruguay, Vietnam.

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a global leader in generic medicines, with innovative treatments in select areas, including CNS, pain and respiratory. We deliver high-quality generic products and medicines in nearly every therapeutic area to address unmet patient needs. We have an established presence in generics, specialty, OTC and API, building on more than a century-old legacy, with a fully integrated R&D function, strong operational base and global infrastructure and scale. We strive to act in a socially and environmentally responsible way. Headquartered in Israel, with production and research facilities around the globe, we employ more than 37,000 professionals, committed to improving the lives of millions of patients. Spain	Asociación de Familiares de enfermos con Alzheimer y otras demencias AFA ORIHUELA Miguel Hernández	afamiguelhernandez.org	This program aims to promote interactions and collaborative work between generations and empower users by encouraging them to play an active role as transmitters of knowledge to young people through their experience throughout life.	EUR	3000	3,256

Spain	AFENAD (Asociación de Familiares de Enfermos de Alzheimer y otras Demencias de Llerena y Comarca)	http://afenad.org/	With this alternative therapy, the physical and mental abilities of the patients are strengthened. And these therapies mean a time of respite for the family-caregivers who live with these patients. For the people around them, caring for an Alzheimer's patient is a daily challenge with a lot of wear and tear. Often, the caregiver does not have sufficient knowledge to meet the needs of the patient, and the stress and total dependence that they require 24 hours a day causes, in many of them, anxiety, depression and deficiencies in the rest of their relationships. social.	EUR	3000	3,256
Spain	(AFENADE VILLARRUBIA) ASOCIACIÓN DE FAMILIARES Y AMIGOS DE ENFERMOS DE ALZHEIMER Y OTRAS DEMENCIAS	http://mail.villarrubiadelosojos.es/index.php/asociaciones/afenade	This center is indicated for people in a convalescent situation who need help during the night (going to the bathroom, getting up...) and support for some activities of daily living in the morning, before returning home (shower, toilet , dress...). It is also for people in a situation of dependency with or without alterations in sleep patterns or behavioral alterations and is also aimed at people in a situation of loneliness who may be cared for during the day by home help services or have a telecare service and who They fear spending the night alone.	EUR	3000	3,256
Spain	Asociación Española de Esclerosis Lateral Amiotrófica (adELA)	https://adelaweb.org/quienes-somos/	This project reflects the need for respiratory therapy and the management of specific equipment in the advanced stages of the disease. This is a program to help ALS patients and their families throughout their day-to-day life with the disease and teach them correct management of it at a respiratory level, as well as the equipment it involves. This service requires the figure of a Respiratory Therapy Specialist, who coordinates direct care and is responsible for specialized training for people with ALS, their professional caregivers and family members.	EUR	3000	3,256
Spain	BIHOTZEZ ASOCIACION DE CARDIOPATIAS CONGENITAS	https://www.bihotzez.org/	The project mainly seeks to respond to the support and accompaniment needs experienced by affected individuals and families, with the objective of alleviating the effects of vulnerability that arise and improving the quality of life of boys and girls with congenital heart disease and their families in the most complicated moments. In this way, through the project presented, the aim is to offer and provide affected families and children with the sufficient tools and guidelines necessary to achieve an improvement in the quality of life and empowerment.	EUR	3000	3,256

Spain	Fundación Querer	https://www.fundacionquerer.org/	This club is a space where you can make friends and share fun moments. In it, adolescents meet peers to forget about their daily difficulties and open themselves to new possibilities of friendship, learning and autonomy. It is an activity that is not only helpful in the sense of accompaniment, but, for children, it is an opportunity to make friends, gain self-esteem and help their integration into society.	EUR	3000	3,256
Spain	Asociación Española de Migraña y Cefalea (AEMICE)	https://www.dolordecabeza.net	International Day of Action against Migraine: September 12 marks the Day of Action against Migraine with the aim of raising awareness and sensitization about the impact of this pathology. The following activities have been developed: press actions, online commemorative day and campaign on social networks and digital marketing.	EUR	3000	3,256
Spain	Fundación CUDECA	https://www.cudeca.org/	The project offers pediatric palliative care for children and their families dealing with serious and chronic life-threatening illnesses. This care prevents and relieves symptoms of pain and stress, while offering psychological, as well as social, support and accompaniment.	EUR	3000	3,256
Spain	Fundación Andrés Olivares	https://www.fundacionolivares.org/	The initiative aims to provide comprehensive support to families of children with childhood cancer through different activities and services offered at the hospital. They offer support, information and training to patients and their families, helping them cope with the anxiety and fear inherent to the disease.	EUR	3000	3,256
Spain	Asociación de Familiares de Personas con Alzheimer y otras demencias de Huelva y Provincia (AFA Huelva)	https://afahuelva.es/	The project aims to ensure that family members, and especially carers of people affected by Alzheimer's or dementia, take care of themselves in order to be well and to be able to continue carrying out their work as a career in the best conditions, both for the people they care for and for themselves, creating a support network with informative, recreational and cultural activities.	EUR	3000	3,256
Spain	Asociación de Familiares de Enfermos de Alzheimer de Zaragoza (AFEDAZ)	https://www.afedaz.es/	The project consists of the use of a therapeutic and sensory garden for Alzheimer's patients. Doing activities in a small garden can be an excellent therapy to keep physical and cognitive functions active, as well as to improve, as well as improve your emotional well-being.	EUR	3000	3,256
Spain	Asociación Somos Música	https://somosmusicazaragoza.com/	The project uses music through weekly concerts to accompany patients and their families during hospitalization, providing excitement and moments of escape, as well as improving the patient's mood and promoting their recovery.	EUR	3000	3,256

Spain	Asociación de Esclerosis Múltiple de Madrid – ADEM Madrid	https://www.ademmadrid.es/entidad.html	This project enables specialized rehabilitation care in homes for people affected by multiple sclerosis (MS) and is especially aimed at those who are unable to attend or access rehabilitation services in the centers due to reasons such as mobility limitations, disabling fatigue, long distances from their homes, physical barriers, economic circumstances that do not allow for travel and/or treatment expenses, among others	EUR	3000	3,256
Spain	APREM (Asociación de Padres de Niños Prematuros)	https://aprem-e.org/que-es-aprem/	The initiative offers support to those relatives of premature babies, accompanying and guiding them after the birth of the baby. They offer a volunteer service to perform skin-to-skin when family members cannot and also carry out follow-up during the first year of life of premature babies born into economically vulnerable families.	EUR	3000	3,256
Spain	Fundación Andrea	https://www.fundacionandrea.info/	With the aim of making the stay in Galician hospitals more pleasant and bearable for admitted children and their families, the Foundation promoted its project to sweeten spaces for pediatric hospital use. The transformation of these spaces as waiting rooms, common spaces on the pediatric floor or emergency rooms can make a big difference and make hospital admissions more bearable for many children and their families.	EUR	3000	3,256
