

Teva is Creating a Healthy Future

Healthy Future, Teva's sustainability strategy, guides how we care for people, the planet and our business—because they are all connected. Addressing global challenges and supporting our communities, while ensuring our business success, allows us to continue providing medicines to the millions of patients around the world who count on us.

We hold ourselves accountable.

Meeting or exceeding bold targets and setting the bar higher with new ones

#1

largest issuer of sustainability-linked bonds in the pharma sector and second largest in the world (total issuance: \$7.5B), connecting sustainability commitments and progress to our business strategy

Healthy People

530M doses of medicine donated to people in need

= 10M doses
